

**INSPIRATION, CONVERSATION AND ACTION START AT ST. ANNE'S**

**THE ANNUAL SUMMIT 2017**

St. Anne's Annual Summit provides an intersection for our region's thought leaders and change makers to examine current issues affecting our community. The goal of the event is to spark inspiration, conversation and action. This year's summit will focus on the impact of trauma in early childhood. Join us as we discuss the way childhood trauma changes brain development and how we can invest in strategies to address this impact. Together, we can build a generation of resilient children, thriving families and brighter futures.

# GREAT THINGS START AT St. Anne's

## WHO WE ARE

Opened in 1908 as a safe refuge for unwed mothers, **St. Anne's has evolved** into one of the most highly regarded social-service agencies in the country. We offer residential care and transitional housing, family education and mental health services, early childhood education and workforce development. We work together to build safe, nurturing and resilient families—from pregnancy to parenthood and childhood to adulthood—for generations to come.

## WHO WE SERVE

Our programs provide our city's most vulnerable with the tools and assistance they need to improve the long-term safety and success of their children and families:

- **Infants and toddlers** thrive in our Early Learning Centers while their parents go to work and school.
- **Preschoolers** learn the ABCs and begin a love of learning.
- **Young mothers** living at St. Anne's break the cycles of their past, learn to parent and create safe homes for their young children.
- **Former foster youth** receive counseling, child care and career counseling so they can start to build meaningful careers and provide for their families.
- **Low-income parents** receive counseling and parenting classes through St. Anne's each year. They work with St. Anne's to build healthy families and prevent another generation of foster children.
